

2026 Blue Cross and Blue Shield Service Benefit Plan - FEP Blue Focus**Section 5(f). Prescription Drug Benefits****Where you can obtain them**

- **Where you can obtain them.**

You must fill prescriptions only at a Preferred retail pharmacy or through the Specialty Drug Pharmacy Program, in order to receive benefits. See Section 10 for the definition of “specialty drugs.” For information about prescriptions obtained from an overseas retail pharmacy, see Section 5(i).

The Retail Pharmacy Program is administered by CVS Caremark. For a listing of Preferred retail pharmacies, call the Retail Pharmacy Program at 800-624-5060, TTY: 711, or visit our website, www.fepblue.org.

Note: If your prescription requires prior approval and you have not yet obtained prior approval, you must pay the full cost of the drug or supply at the time of purchase and file a claim with the Retail Pharmacy Program to be reimbursed. Please refer to Section 7 for instructions on how to file prescription drug claims.

The Specialty Drug Pharmacy Program is administered by CVS Caremark.

Notes:

- The Specialty Drug Pharmacy Program will not fill your prescription until you have obtained prior approval. CVS Caremark, the program administrator, will hold your prescription for up to 30 days. If prior approval is not obtained within 30 days, your prescription will be returned to you along with a letter explaining the prior approval procedures.
- Preferred retail pharmacies may offer options for ordering prescription drugs online. Drugs ordered online may be delivered to your home and these online orders are a part of the Retail Prescription Drug Program.
- Due to manufacturer restrictions, a small number of specialty drugs used to treat rare or uncommon conditions may be available only through a Preferred retail pharmacy. See Specialty Drug Pharmacy Program in this section for information about your cost-share for specialty drugs purchased at a Preferred retail pharmacy that are affected by these restrictions.
